ADVENTURE AND BEYOND

Directors/Members:

Paul Grobler(director), Richard Mead(member), Pieter Snyman(member), Brian van Niekerk(member)

Dear Potential Supporter,

Adventure n Beyond Awareness Campaign

Adventure n Beyond is a registered non-profitable organization with a focus to support the community.

Our vision is to assist the community to live life, reaching their full potential and encouraging them to grow spiritually, socially and physically through the use of Experiential Education principles in a safe, stimulating and adventurous setting.

We achieve this through:

1. Outreach projects including upliftment camps/events for kids living with HIV/AIDS, disabilities and orphans.
2. Camps (including school, church, leadership and holiday camps)
3. Life skills training courses

Income generated for the organization is mainly through the various camps we present (excluding our outreach projects) as well as sponsorships and donations from individuals and companies.

Expenses we regularly incur to run this organization includes:

- a. Vehicles (including petrol, repairs/maintenance)
- b. Venue rentals
- c. Food for camps/outreaches
- d. Salaries/Wages
- e. Office Communication (including stationary, marketing, cellphones and internet)
- f. Equipment and maintenance

Your once-off or monthly contribution can help thousands of young people to keep on growing spiritually, socially and physically through the various camps/programs and training we present to the community. Through these camps and programs young people become confident, strong leaders with high morals and values to take the lead as they become the movers and shakers of tomorrow. Leave a positive lasting legacy to these young people by investing in the leaders that will shape the future.

We urgently need your help and support for us to continue our work in reaching the young people in South Africa. We ask you to prayerfully consider how you can support us and we thank you in advance for your contribution.

Regards,

Paul Grobler
