ADVENTURE 'n BEYOND

RE: CAMP FEEDBACK

Good Day Paul,

For the past few years we at His People struggled to find suitable camping accommodation for the kids of New Nations. We were really blessed this year to have people from our church generously sponsoring the camp and all the nice things that came with it.

The purpose of this letter is to thank you for your hospitality and to convey my appreciation for the impact that you have made in the lives of the kids by perfectly bringing in the teachings of Christ through adventure. To us (His People) the most important aim of the camp was to save lives and to develop relationships. This we have achieved with great success, mission accomplished!

I would also like to add that the camp was very well structured through the weekend and the facility was great. I must commend you and your team for the safe manner in which the various activities were carried out and for their involvement with the kids. This certainly made the kids feel free, comfortable and they opened up. The food was outstanding, compliments to the chef/s. For the first time I heard kids complaining of too much food!!!

I am thoroughly excited that this camp has changed lives and that facilities such as these could bring the light of Christ to peoples eyes in such a simple but powerful way. I will definitely use Adventure 'n Beyond in the future for Church related activities or even for my own family. I wish you great success in this ministry and hope that you continue with the great commission and in serving the Lord.

God Bless

Regards

Louis Naidoo
Leader for New Nations Project
